

Geography Learning Targets

Children will:

2.1 Know how particular localities have been affected by earthquakes and volcanoes

2.2 Know how the lives of people in particular localities have been affected by earthquakes and volcanoes

2.5 Be able to use geographical terms

2.8 Be able to use maps at a variety of scales to locate the position and geographical features of particular localities

2.9 Be able to use secondary sources to obtain geographical information

2.11 Be able to communicate their geographical knowledge and understanding to ask and answer questions about geographical and environmental features

2.12 Understand how places fit into a wider geographical context

2.13 Understand that the quality of the environment can be sustained and improved

Technology Learning Targets

Children will:

2.2 Be able to design and make products to meet specific needs

2.3 Be able to make usable plans

2.4 Be able to make and use labelled sketches as designs

2.5 Be able to use simple tools and equipment with some accuracy

2.6 Be able to identify and implement improvements to their designs and products

2.7 Be able to identify ways in which products in everyday use meet specific needs

2.8 Be able to suggest improvements to products in everyday use

Science Learning Targets

Children will:

2.1 Be able to carry out simple investigations:

- **Suggesting ways of collecting evidence**
- **Preparing a simple investigation which is fair with one changing factor**
- **Predicting the outcomes of investigations**

- **Using simple scientific equipment**
 - **Testing ideas using evidence from observation and measurement**
 - **Linking the evidence to broader scientific knowledge and understanding**
 - **Using evidence to draw conclusions**
 - **Recording and communicating their observations and findings in a variety of ways**
 - **Explaining their observations and findings**
- 2.2 Be able to gather information from simple texts
- 2.4 Understand some of the effects of what they learn on people's lives
- 2.27 Know that temperature is a measure of heat
- 2.28 Know that some changes in rocks through heating are reversible
- 2.29 Know about the changes that occur when materials are mixed
- 2.31 Be able to compare common materials and objects according to their properties
- 2.32 Be able to distinguish between solids, liquids and gases

Music Learning Targets

Children will:

2.1 Know how a number of musicians - including some from their home country and the host country - organise sounds and use them expressively

2.2 Know how a number of musicians - including some from their home country and the host country - choose sounds and instruments which are appropriate for their task

2.3 Be able to recognise and explore the ways that sounds can be organised and used expressively

2.4 Be able to sing in tune and with expression

2.5 Be able to perform simple pieces rhythmically using a limited range of notes

2.7 Be able to compose simple pieces to create intended effects

2.8 Be able to choose sounds and instruments that are appropriate for their task

2.9 Be able to improve their own work, having regard to the intended effect

2.10 Be able to explain their own work in terms of what they have done and why

2.11 Be able to talk about pieces of music, giving reasons for their opinion

2.13 Understand how musical elements are combined and varied

to create different effects

History Learning Targets

Children will:

2.1 Know about the main events, dates and characteristics of the past societies they have studied

2.2 Know about the lives of people in those periods

2.4 Be able to give some reasons for particular events and changes

2.5 Be able to gather information from simple sources

Art Learning Targets

Children will:

2.3 Be able to use art as a means of self expression

2.4 Be able to choose materials and techniques that are appropriate for their task

2.5 Be able to explain their own work in terms of what they have done and why

2.6 Be able to talk about works of art, giving reasons for their opinions

Physical Education Learning Targets

Children will:

2.3 Be able to choose appropriate skills and movements to suit a task

2.4 Be able to plan actions and movements

2.5 Be able to take part in a range of individual, pair, small group and team activities

2.6 Be able to perform a range of activities with control and coordination

Society Education Learning Targets

Children will:

2.5 Know that people in different countries have different traditions, celebrations and ways of living

2.8 Understand that people's health and safety can be affected by a variety of factors including food, climate, rules, and availability of resources

International Education Learning Targets

Children will:

2.1 Know about some of the similarities and differences between the geographical features of the different home countries and between them and the host country

2.2 Know about ways in which these similarities and differences in geographical features affect the lives of people

ICT: Opportunities for ICT Learning Goals

Children will:

2.1 Know about some applications of ICT in work situations

2.2 Know about some applications of ICT in daily life

2.4 Be able to find and use stored information from a variety of sources

2.5 Be able to use ICT to support and present their work in other subjects

2.8 Understand that ICT can be used responsibly and creatively to people's benefit
